SOLUTIONS

UNDER THIS ARM OF WINDFALL SOLUTIONS LIMITED WE OFFER:

TO UNDERSTAND THE NEED FOR ENERGY SERVICES AND CAN RESULT IN INCREASED ENVIRONMENTAL QUALITY AND BASIC SUSTAINABILITY.

-FEASIBILITY STUDY AND ITS IMPORTANCE IN PROJECT MANAGEMENT.

A well-designed study should offer a historical background of the business or project, such as a description of the product or service, accounting statements, details of operations and management, marketing research and policies, financial data, legal requirements, and tax obligations. Generally, such studies precede technical development and project implementation.

- INDEPENDENT VERIFICATION AND VALIDATION.

High-profile, high-risk projects can benefit from an outside perspective. With IV&V, we can be hired as a third party to review core project requirements
